
General Information for Students

Student Life

CONDUCT OF STUDENTS

Duke University expects and requires of all its students cooperation in developing and maintaining high standards of scholarship and conduct.

All students are subject to the rules and regulations of the university which are currently in effect or which, from time to time, are put into effect by the appropriate authorities of the university.

Any student, in accepting admission, indicates the willingness to subscribe to and be governed by these rules and regulations and acknowledges the right of the university to take such disciplinary action, including suspension and/or expulsion, as may be deemed appropriate for failure to abide by such rules and regulations or for conduct adjudged unsatisfactory or detrimental to the university.

LIVING ACCOMMODATIONS

Duke University has two apartment facilities on campus. One is dedicated solely to graduate and professional students (Town House Apartments) and the other is a subset of the undergraduate housing on Central Campus. The apartments are available for either continuous or academic term occupancy, are fully furnished and wired for cable, telephone and DukeNet. Information, including an on-line application, can be found at the Residence Life and Housing Services website at <http://rlhs.studentaffairs.duke.edu>.

The Town House Apartments are located approximately three blocks from the main East-West Campus bus line. These apartments are more spacious than other apartments on campus. Because of its location, residents find that these apartments offer more privacy and a change from the routine campus life and activities.

Each air-conditioned Town House Apartment includes a living room, a master bedroom, a second bedroom, a bath and a half and an all electric kitchen with dining room. Spacious closets and storage space are provided within each apartment. A swimming pool, located in the center of the complex, is open during the late spring and throughout the summer months. All utilities—water, heat, air-conditioning, gas and electricity—are provided. Residents must make arrangements with Duke University OIT Residential Services to connect cable, voice, and data services.

A portion of the Central Campus Apartments complex is set aside for graduate and professional students. Air-conditioned efficiency, two-bedroom, and three-bedroom apartments are rented to students. Efficiency units are very limited in number and are generally not available to new students. All utilities—water, heat, and electricity—are provided. Residents must make arrangements with Duke University OIT Residential Services to connect cable, voice, and data services.

Both facilities house single and married students. Single students may choose their own roommates, or Residence Life and Housing Services will assign students with similar interests and schedules together. Each single student pays rent per academic term to Duke University. Married rental rates are available on the website.

Application Procedures. Information about Graduate and Professional Student Housing and an on-line application can be found at <http://rlhs.studentaffairs.duke.edu>. In recognition of the unique challenges that face newly accepted international students, priority for assignment to graduate student housing is awarded to students who arrive from abroad on student visa status. Due to limited availability of space, assignment to university housing cannot be guaranteed.

COMMUNICATION BETWEEN DUKE UNIVERSITY AND STUDENTS

Electronic mail (email) is the official medium by which Duke University communicates policies, procedures, and items related to course work or degree requirements to students enrolled at the university. All students matriculated at the university are assigned a Duke University email account upon acceptance of an offer of admission. It is the student's responsibility to check this email account regularly and to respond promptly to requests made by email.

Off Campus Housing. Duke Community Housing is a resource to locate off-campus rental housing options in the Durham area. Duke Community Housing maintains a database of available rental housing which is accessible through the Duke Community Housing website, <http://communityhousing.duke.edu> or the campus office. The Duke Community Housing office is located at 200 Crowell Hall, Room 216, telephone (919) 684-6711, email communityhousing@duke.edu. Office hours are 8:00 a.m. to 5:00 p.m. Monday-Friday. Appointments are recommended to meet with staff.

Dining Facilities. In addition to the food service venues in the Medical Center, a number of dining facilities are located within a short distance from the Medical Center. Duke Dining Services operates a variety of dining facilities including coffee bars, traditional cafeteria-style facilities, and fast food facilities. The many dining locations on campus give Duke students, faculty, staff, and visitors virtually unlimited dining options. For more information about campus dining options, contact Dining Services, 029 West Union, Box 90898, Durham, NC 27708-0898, (919) 660-3900, <http://auxweb.duke.edu/Dining>.

Food and Other Expenses. Duke Dining Services and Duke University Stores operations are located on campus to service the needs of the Duke community. The Duke University identification card, the DukeCard, serves as official identification for activities such as library book check out, recreational center, parking gate, and academic building access. The DukeCard is also the means of accessing the Dining and Flexible Spending (FLEX) Accounts. These two prepaid accounts allow students to make purchases with their DukeCard at certain Medical Center and campus Dining Services locations, retail stores, photocopiers, vending, and laundry machines. The Dining and FLEX Accounts may also be used to purchase pizza and sub sandwiches delivered to campus from several approved off-campus merchants. A FLEX Account can be opened via cash or check at either of the two DukeCard Office locations (Medical Center Parking Garage II and West Union Building) or by sending a signed contract and check in the mail to the address listed below. Additional deposits can be made at the DukeCard Office or by visiting any of the Value Transfer Stations located across campus and the Medical Center. The Dining Accounts can be activated at the DukeCard Office and will be billed to the student's bursar account. For more information about establishing an account, contact The DukeCard Office, 100 Union West, Box 90911, Durham, NC 27708-0911, (919) 684-5800, <http://dukecard.duke.edu>.

MOTOR VEHICLE REGISTRATION

Each motor vehicle operated on Duke University campuses by students enrolled in the School of Medicine must be registered at the Medical Center Traffic Office, PRT Level,

Parking Deck II, within five days after operation on the campus begins, and thereafter must display the proper registration decal.

All students must pay an annual fee of \$132 for each four-wheeled motor vehicle and \$35 for each motorcycle, motorbike, or motor scooter registered. Payment is accepted by cash or check only. To register a vehicle, the student must provide the license tag number of each vehicle to be registered. Bicycles are registered free of charge at University Transportation Services, 2010 Campus Drive.

Parking, traffic, and safety regulations are given to each student at the time of registration of the vehicle(s). Students are required to abide by these regulations.

SERVICES AVAILABLE

The Student Health Center, (919) 681-WELL, is a joint program supported by the Department of Community and Family Medicine, Duke University Medical Center, and Student Affairs. A wide variety of services is available: general medical care, nutrition counseling, laboratory, pharmacy, travel and immunization, x-rays, cold/flu self-help table, and allergy clinic. There is a charge for x-rays, prescription drugs and some laboratory tests. The Student Health Center, located on Flowers Drive in the Duke Clinic complex (sub-basement Orange Zone), is the primary location for medical care and health promotion. Medical services are provided by board-certified faculty and by physician assistants, nurse practitioners, and resident physicians under faculty supervision. Students are seen by appointment, (919) 681-WELL, Monday-Friday, 8:30 a.m. - 5:30 p.m. (Wednesday, 9:30 a.m.–5:30 p.m.). During the academic year, a Nurse Advice Clinic operates from 5:30 p.m.–10:00 p.m. on weekdays, and an Acute Care Clinic is held on Saturday and Sunday from 11:00 a.m.–2:00 p.m. After hours nurse advice is available by telephone.

Students are encouraged to use the Student Health Center as their portal of entry to other health resources when needed, including the specialty clinics at Duke University Medical Center. This helps with coordination of appropriate care.

In the event of an obvious life-threatening emergency, students should go directly to the Emergency Department. If necessary, Duke Police (call 911 or (919) 684-2444) provides on-campus transportation to the Emergency Department.

Health Promotion. Health promotion staff are available to assist students in making informed decisions that promote their health. Topics include fitness assessment, nutrition, alcohol and other drug usage, eating and body image concerns, sexual activity and sexually transmitted diseases, stress management, and others. Consult the Healthy Devil online at <http://healthydevil.studentaffairs.duke.edu>.

Student Health Physical Therapy. The Student Health Physical Therapy Consultation Service is located in the Wilson Recreation Center on West Campus in the basement of Card Gym. A physical therapist is available several weekday afternoons (consult our website for specific days and times) when undergraduate classes are in session, on a walk-in basis, to assess exercise-related problems and to outline short-term treatment plans, aid recovery, and help prevent re-injury. Call (919) 684-6480 during the summer months for hours.

Confidentiality. Information regarding the physical or mental health of students is confidential and is released only with the student's permission except in life-threatening circumstances. As a member of the Duke University Medical Center, the Student Health Center is fully compliant with HIPAA federal regulations.

Student Accident and Hospitalization Insurance. Health insurance is essential to protect against the high cost of unexpected illnesses or injuries which would require hospitalization, surgery, or the services of specialists outside the Student Health Center.

Therefore, all students are required to have such insurance. At the beginning of each fall semester, medical students must use the ACES online system to provide proof of coverage under an accident and hospitalization insurance policy or purchase the Duke Student Accident and Hospitalization Insurance policy, currently a BCBS product. This insurance policy provides protection 24 hours per day during the 12-month term of the policy of each student insured and is specifically designed to complement the coverage provided by the student health fee (see below). Students are covered on and off the campus, at home, while traveling between home and school, and during interim vacation periods. Coverage for the student's spouse and dependent children also may be purchased.

Health Fee. All currently enrolled full-time students and part-time degree candidates are assessed a mandatory student health fee. This covers most services rendered within the Student Health Center during each enrolled semester. An optional summer health fee for students not enrolled in summer sessions is also available through the Student Health Center.

Services Covered by the Health Fee. The health fee covers most of the services at the Student Health Center if medically indicated and rendered by a student health provider:

- medical care for acute and chronic illness and minor injuries
- one health maintenance examination every two years
- annual gynecological exam
- some routine laboratory services
- vaccine titers for away rotations/residency programs
- administration of allergy shots
- confidential pregnancy testing
- some immunizations excluding prematriculation immunizations
- health promotion, including nutrition consultation
- mental health care at CAPS

Services not Covered by the Health Fee. If you are unsure whether a service is covered, please ask the Student Health reception staff in the clinic prior to receiving the service. You are financially responsible for the following:

- prescription drugs
- x-rays
- medical care provided in the Emergency Department, hospital, or other non-student health facility
- care provided by specialist consultants, including those working within the student health facilities
- dental care
- routine eye exams
- pregnancy care or deliveries
- tests, procedures, and prescriptions not medically indicated, not on the approved list, or not ordered by student health providers
- immunizations required for entrance to Duke or other universities or for travel

Counseling and Psychological Services. Counseling and Psychological Services (CAPS) is located in Suite 214, Page Building on West Campus. CAPS, a department of the Division of Student Affairs, provides a range of counseling and psychological services designed to address the acute emotional and psychological difficulties of Duke students.

The professional staff is composed of psychologists, clinical social workers, and psychiatrists experienced in working with college students. They provide direct services to

students including evaluation and brief counseling/psychotherapy, with issues such as self-esteem and identity, depression, anxiety, family relationships, academic performance, dating, intimacy, and sexual concerns. Ordinarily, students are seen for counseling by appointment. If the concern requires immediate attention, a CAPS staff member assists with the emergency at the earliest possible time.

Each year CAPS offers a series of counseling, therapy, and support groups. Recent groups have focused on stress, anxiety, interpersonal process, meditation, eating and body image concerns, and dissertation support.

Another function of CAPS is to provide consultation regarding student development and mental health issues affecting not only individual students, but the campus community as a whole. The staff works with other campus personnel including administrators, faculty, the student health staff, and student groups in meeting needs identified through such liaisons. Contact CAPS at (919) 660-1000.

Student Personal and Professional Advisory System for M.D. Program Students.

The advisory dean system is the heart of the Office of Student Affairs. Developed in 1986 in response to the need for personal advising in a highly elective curriculum, it is the current mission of the advisory program to:

- help each medical student derive the maximum benefit of his/her medical school experience and opportunities
- promote the personal, academic, and professional development of each student
- aid each student in making deliberate and thoughtful curricular and career decisions
- promote each student toward his/her future endeavors, and
- celebrate with students the milestones of personal and professional growth

The Office of Student Affairs also coordinates medical school orientations, celebrations, and graduations, and provides access for students to other student services and resources.

Resources for Study

The goal of Duke University School of Medicine is to provide leadership in fulfilling its core missions which are:

To provide the most advanced and comprehensive education possible; to prepare our students and trainees for lifetimes of learning and careers as leaders, practitioners, or researchers;

To perform biomedical research producing discoveries that add to understanding life processes and lead to preventing and curing disease and maintaining health;

To translate, to practice, and to make available to the public, with compassion, the benefits of the unique clinical and technological resources of the School of Medicine and to support our educational and research missions.

To the maximum extent possible, we will apply our core missions in education, research, and health care delivery to develop the means to solve regional and national health care problems, including providing accessible, cost-effective health care of measurable quality.

Library. The Medical Center Library, located in the Seeley G. Mudd Building, provides the services and collections necessary to further educational, research, and clinical activities in the medical field. Services are available to Medical Center faculty, staff, and students from the School of Medicine, School of Nursing, Division of Allied Health, and Duke Hospital, as well as graduate departments in the basic medical sciences. Over 290,524

volumes are available, including the Trent Collection in the History of Medicine. Approximately 742 current print subscriptions and 2,905 electronic journal titles are available. The Library has extensive back files of older volumes. The Medical Library Education Center (MLEC), located on the lower level of the Library, houses an electronic classroom for hands-on computer training. The Frank Engel Memorial Collection consists of a small group of books on consumer health and non-medical subjects for general reading, together with several newspapers and popular magazines. Traditional library services include reference, circulation, Internet assistance, and document delivery services, which are supplemented by mediated and self-service online database searching. Public workstations for searching databases and the online catalog are available in the reference area and other areas of the Library. Detailed information on services and resources may be found in the information guides available at the Library.

The Medical Center Library is open at the following times: Monday-Thursday, 8:00 a.m. – 11:00 p.m.; Friday, 8:00 a.m. – 6:00 p.m.; Saturday, 10:00 a.m. – 6:00 p.m.; Sunday, 2:00 p.m. – 10 p.m. Summer and holiday hours are announced.

Associate Dean for Library Services & Archives: Patricia L. Thibodeau, M.L.S. (Rhode Island, 1976), M.B.A. (Western Carolina University, 1991). Deputy Director: Richard A. Peterson, M.S.L.S. (Case Western Reserve University, 1977).

Bookstore. The Medical Center Bookstore offers a wide selection of medical reference books, textbooks, software, and instruments to the Duke University Medical Community. Clothing, including scrubs and uniforms, office supplies, and Duke gifts are also offered. Special orders are welcomed. The store is located in the Facilities Building adjacent to the PRT walkway between Duke Hospital North and Duke Hospital South and is open Monday through Friday from 8:30 a.m.–5:30 p.m., and Saturdays from 10:00 a.m.–4:00 p.m. The telephone number is (919) 684-2717.

Searle Conference Center. The Searle Conference Center for Continuing Education in the Health Sciences provides elegant accommodations for conferences, symposia, lectures, and meetings to support the continuing education activities of the Medical Center and university. Additionally, banquets, dinners, weddings, receptions, and other private events may be held on a space- available basis. Meeting space, audiovisual needs, catering, and assistance with event planning are all provided by the on-site staff. Please call (919) 684-2244. Manager: Michael A. Evans

Medical Center Commons. The Medical Center Commons restaurant is open for fine dining at lunch time, Monday-Friday. Accepting credit cards, IRs, Flex Account Cards, and reservations at (919) 684-5805, the Commons is located in the Searle Conference Center on the ground floor of the Seeley Mudd Building. The restaurant features gourmet salads, homemade soups, carved meats, hot entrees, and weekly specials. Prices range from \$6 to \$9. Private dining rooms are available as well as morning, evening, or weekend meeting and catering space. For additional information on these services, please call (919) 684-2244. Manager: Michael A. Evans

Medical Center Catering. Medical Center Catering is an in-house operation that provides catering services for the Duke Health System. We will deliver coffee breaks, lunch and receptions to rooms within the North and South Hospital as well buildings accessible for push carts only(non-motorized vehicles). We provide setup and breakdown paper/plasticware service. The hours of operation are Monday thru Friday from 7:00am until 5:00pm. Please call (919) 684-2904 for assistance. Manager: Michael A. Evans

The Office of Curriculum. The Office of Curriculum offers expertise to the Medical School community in the areas of curriculum and course development, educational research

and evaluation studies, standardized patients, faculty development, and curricular support. Interdisciplinary courses are managed from this office. Support is provided for all four years of the curriculum.

Support includes space, equipment and supplies, and services. The Thomas D. Kinney Central Teaching Laboratory (CTL), located on the fourth floor of the Davison Building, provides laboratory, demonstration, and conference space for all courses taught in the basic sciences with the exception of gross anatomy. The Medical Student Amphitheater in the Clinic Building provides space for 150 learners and is equipped with digital projectors, document and room cameras, computers for the presenter and network access for the learners, and an audience response system. Six small group rooms in the Student Affairs area in the basement, Purple Zone, complement this type of education. A Clinical Skills Lab of eight rooms in the basement, Orange Zone provides a mock clinic/hospital experience and is the site for the Clinical Performance Examination (CPX). A Patient Simulator Lab on the fourth floor, Orange Zone provides “hands on” learning of normal and abnormal physiological processes, as well as a patient’s responses to a variety of pharmaceutical agents in adults and children.

The Office of Curriculum, on the fourth floor of the Davison Building, has a full-time staff of 15 who provide software support, standardized patients, instructional design, exam grading, laboratory support, in-house microscope cleaning and repair, course evaluation tabulation and reporting, database support, and help-desk support for medical students and physical therapy students, laptops, and personal digital assistants. The office also supports a curriculum management system, BlueDocs, used to schedule and deliver curricular activities and materials to students. In addition, BlueDocs stores curriculum and evaluation databases used in curriculum management and tracking of student progress. These services enable the faculty of each department to focus their efforts toward student learning. The office also provides staffing and clerical support for the Curriculum Committee and other standing task force meetings. Three deans provide expertise in curriculum assessment (TBA), curriculum development (Colleen O’Conner Grochowski, Ph.D.), and educational program oversight (Edward Buckley, M.D.). The deans have offices on the fourth floor of the Davison Building.

All first year medical students are given space (which they maintain for the entire academic year) in one of the laboratory rooms for their own work. The fourth floor of Davison Building also includes a computer cluster with electronic mail capability available to students 24 hours a day and a 24-workstation electronic laboratory for computer-assisted educational training for students, faculty, and employees. Administrative Director: Kate Piva

Clinical Performance Examination (CPX). In 1993, Duke University School of Medicine developed, along with the other three medical schools in North Carolina, a standardized test of clinical performance. The CPX consists of a number of clinical cases for which the student is in the role of primary provider. Each patient, portrayed by a standardized patient, has a complaint or reason for the visit. The student begins each case by talking with and sometimes physically examining a patient and then answering questions about the data obtained from the patient. For some cases, additional radiologic or diagnostic data are available for consideration, along with data from the patient, in determining a differential diagnosis and possibly an outline of a management plan. Cases are selected to sample a variety of dimensions including patient age, gender, all organ systems, and specialties represent through the clerkship year. The major purposes of the CPX are (a) to evaluate, in a more standardized way, each student’s approach to patients with common complaints, demonstrating the orchestration of history-taking, physical examination and communication

skills that cannot be adequately assessed through written tests, (b) to provide a measure of curriculum effectiveness and (c) to prepare students for Step 2 CS, a standardized patient-based assessment that is part of the physician licensing system in the United States. This preparation is achieved by giving students an experience that closely resembles the actual Step 2 CS.

Each student's encounters with standardized patients are videotaped. Tapes are available for students to review. Full-class feedback and discussion with faculty physicians occurs during assessment week at the end of the second year. The CPX is structured to be competency-based, where each student's performance is compared to a pre-determined standard. Each student receives a written report of their level of competence with each case, comments directly from standardized patients and their performance scores for five major skills as well as the class as a whole. It is required for graduation.

Duke Hospital. Duke University Hospital, one of the largest private hospitals in the South, is part of Duke University Health System and currently is licensed for 924 acute care beds. The mission and vision statements of Duke University Hospital are as follows:

Our mission is to serve our patients and the global community by providing the finest clinical integration of patient care, education, and research while respecting the needs of the human spirit.

Our vision is to be the leading academic health services provider by delivering high-quality, innovative responses to society's changing health care needs.

Duke University Hospital, a tertiary and quaternary-care hospital, is consistently rated one of the top hospitals in the United States. It offers comprehensive diagnostic and therapeutic facilities, including a regional emergency/trauma center; a major surgery suite containing 31 operating rooms; an endosurgery center; an Ambulatory Surgery Center with 9 operating rooms; and an extensive diagnostic radiology area. The facility also functions as a research hospital where medical advances are achieved and applied, and as a teaching hospital for students of medicine, nursing, and the allied health sciences. Approximately 40,000 patients are discharged and more than 33,000 surgeries are performed each year.

Duke's home care, hospice, and infusion services provide opportunities for continued care of patients after they leave Duke Hospital.

Ambulatory services include the outpatient clinics, ambulatory surgery center, the employee health service, and the emergency department, with more than one million combined patient visits annually. The clinical faculty of the Duke University School of Medicine participate in undergraduate and graduate medical education and practice medicine in the hospital and in the Private Diagnostic Clinic.

Duke Hospital, is approved for residency training by the American Medical Association, the Accreditation Council for Graduate Medical Education, and is accredited by the Joint Commission on Accreditation of Healthcare Organizations.

Veterans Affairs Medical Center. The Durham Veterans Affairs Medical Center, with 154 beds (plus 120 nursing home beds), annually admits over 6,000 patients. The hospital is within walking distance from the School of Medicine and has closely integrated teaching and training programs for medical students and house staff. These programs are provided by the full-time and part-time professional staff who are members of the faculty of Duke University School of Medicine.

Lenox Baker Children's Hospital. On November 1, 1987, the Lenox Baker Children's Hospital became a part of Duke University Medical Center, entering a new phase in its development as an orthopaedic and rehabilitation outpatient center for the children of North Carolina. A full spectrum of outpatient orthopaedic and rehabilitation services is offered to

identify and meet realistic goals and to educate, support, and assist families, schools, and communities in providing a rich environment for disabled children.

Durham Regional Hospital. Durham Regional Hospital, a 369-bed acute care facility, became part of Duke University Health System on July 1, 1998 through a lease agreement with Durham County. As the only community hospital with tertiary care services in an eight contiguous county area, Durham Regional has a long tradition of caring for the residents of Durham and surrounding communities. A comprehensive health care facility, Durham Regional provides inpatient, outpatient, and emergency care and features a level II intensive care nursery, on-site radiation oncology service, Durham Rehabilitation Institute, and the Davis Ambulatory Surgery Center. It is also home to the Triangle's only Long-term Acute Care Hospital, operated by Select Medical. Durham Regional participates in many medical and health-related professional training experiences. The Watts School of Nursing, North Carolina's oldest nursing school, is located on-site.

Duke Raleigh Hospital. Duke Raleigh Hospital offers high-quality diagnostic, therapeutic, rehabilitation, prevention, support, and health education services within an intimate, patient-friendly atmosphere. Located in North Raleigh, Duke Raleigh has been an important member of the Duke University Health System since 1998 and has served Wake County residents as a trusted health care resource for nearly 30 years. Duke Raleigh is a 186-bed hospital providing a comprehensive array of services including a cancer center, cardiovascular center, musculoskeletal center, wound healing center, diabetes center, wellness services, outpatient imaging center, intensive care unit, telemetry unit, pain clinic, same day surgery center, emergency department and community education and outreach. Phone: 919-954-3000. Web: www.dukeraleighhospital.org.

Other Hospitals. Various cooperative teaching and training programs are available for medical and allied health professional students and house staff at other hospitals including Asheville Veterans Administration Medical Center in Buncombe County, John Umstead Hospital in Butner, Fayetteville Area Health Education Center in Fayetteville, and Cabarrus Memorial Hospital in Concord, North Carolina.

Medical Center and Health System Buildings and Facilities

The 94 buildings and additions which make up the medical education, research, and patient care facilities are located on approximately 200 acres, mostly on or near the West Campus of the university.

The Clinic Zone is contiguous with the main quadrangle of the university and consists of the following: *Duke Clinic*—Ten contiguous buildings, including: *Clinic Reception Building*—Entrance lobby, clinics, food court, and amphitheater. *Edwin A. Morris Building*—Clinics, diagnostic, treatment and support services, Department of Radiation Oncology administration, departmental research laboratories, and offices. *Davison Building*—Department of Pathology administration, research laboratories and offices, Central Teaching Facility, Division of Audiovisual Education, Medical Center and Health System Administration, and School of Medicine Administration. *Original Hospital, 1940 and 1957 Additions*—Clinics, diagnostic, treatment, and support services including: Clinical Laboratories, Physical Therapy, Pharmacy, departmental offices, Medical School Admissions, Registrar, Financial Aid, Central Teaching facilities, and Student Health Clinic. *Baker House*—Department of Obstetrics and Gynecology administration, clinics, diagnostic, treatment and support services including: Speech and Hearing, Oral Surgery, Pastoral Care and Counseling, departmental offices and NeuroOncology Program. *Barnes Woodhall Building*—Psychiatry inpatient care unit, diagnostic, treatment, and support

services, outpatient pharmacy, pre-operative screening, Radiology, departmental research laboratories, and offices, and Hospital administration. *Diagnostic and Treatment #3 Building*—Clinics, diagnostic, treatment, and support services, departmental research laboratories and offices. *Ewald W. Busse Building*—Center for the Study of Aging and Human Development, diagnostic, treatment, and support services, department research laboratories, and offices. *Eugene A. Stead Building*—General Clinical Research Center (Rankin), departmental research laboratories and offices. *Clinical Research II*—Department of Surgery offices, Department of Psychiatry administration, departmental research laboratories and offices, hyperbaric medicine unit. Other buildings within the Clinic zone include the *Bell Building*—offices for the Departments of Surgery, Pediatrics, Radiology, Obstetrics and Gynecology, Medicine, and Psychiatry, Duke Health Technology Solutions (DHTS), Gross Anatomy laboratories, and Brain Imaging and Analysis administration and research. *Marshall Pickens Building*—Clinics, Employee Health Services, and *Parking Garage I*.

The Hospital Zone consists of the following buildings: *Duke Hospital (Anlyan Tower and Ancillary Building)*—Inpatient care units, diagnostic, treatment, and support services including surgical suite, cath labs, Emergency Department, Labor and Delivery suite, Operating and Recovery Suite, Full-Term Nursery, Radiology, Clinical Laboratories, MRIs, Respiratory Therapy, Pharmacy, the Departments of Anesthesiology, Medicine, Radiology, Surgery administration, Cardiology Division offices, and Brain Imaging and Analysis research. *Children's Health Center*—Children's clinics, diagnostic, treatment and support services, Department of Pediatrics administrative offices. *Joseph A.C. Wadsworth Building (Eye Center)*—Department of Ophthalmology administration, clinic, diagnostic, treatment, and support services including: operating rooms, recovery, research laboratories and offices. *Albert Eye Research Institute*—Ophthalmology faculty offices and research space and Peds Ophthalmology Clinic. *Civitan Building and Child Guidance Center*—Clinics, laboratories, and offices for the Departments of Pediatrics and Psychiatry. *Hanes House and Nursing School and new School of Nursing facility (under construction)*—Physician Assistant Program, Clinical Research Training Program, Community and Family Medicine administrative and departmental offices, and School of Nursing administrative and departmental offices, Hospital Education and teaching facilities, and Medical Center News Office. *Seeley G. Mudd Communications and Library*—Medical Center Library, Medical Center Commons, the Searle Center for Continuing Education, and the Center of Medical Ethics and Humanity. *Parking Garage II*—House Staff and Student Exercise Facility, and Nursing Recruitment.

The Research Zone consists of the following: *Joseph and Kathleen Bryan Research Building for Neurobiology*—Department of Neurobiology administration, Alzheimer's Disease Research Center, Neurobiology departmental research laboratories and offices. *Nanaline H. Duke Medical Sciences Building*—Departments of Biochemistry and Cell Biology administration, departmental research laboratories and offices. *Alex H. Sands Medical Sciences Building*—Departments of Anesthesiology, Biological Anthropology and Anatomy, Cell Biology, Obstetrics and Gynecology, Ophthalmology, Medicine and Psychiatry research laboratories and offices. *Edwin L. Jones Basic Cancer Research Building*—Departments of Immunology and Molecular Genetics & Microbiology administration, departmental research laboratories and offices. *Medical Sciences Research Building*—Comprehensive Cancer Center administration, Departments of Medicine, Obstetrics and Gynecology, Ophthalmology, Pathology, Pediatrics, Radiology, Radiation Oncology, Surgery and Cancer Center research laboratories and offices. *Clinical and*

Research Laboratory Building—Department of Genetics administration, Howard Hughes Medical Institute, Departments of Cell Biology, Genetics, Medicine and Psychiatry research laboratories and offices. *Leon Levine Science Research Center, section C*—Department of Pharmacology and Cancer Biology administration, research laboratories, and offices. *Surgical Oncology Research Building, Environmental Safety Building, Research Park Buildings I, II, III and IV*—Departments of Anesthesiology, Medicine, Pediatrics, Radiology, Pharmacology, and Surgery research laboratories, offices, and hospital clinic laboratories. *Vivarium. Cancer Center Isolation Facility. Snyderman Genome Science Research Building and Genome Science Research Building-II*—genomic science research, *Medical Sciences Research Building-II (under construction) and Global health Research Building (under construction)*—occupants and research programs to be determined

The West Zone consists of the *Lenox Baker Children's Hospital*—Clinics, diagnostic, treatment, and support services, departmental offices, and mobile MRIs. *Dialysis Center*—Treatment facility. *Center for Living Campus*—four buildings including: *Sarah Stedman Nutrition Center*—Stedman Nutrition Center administrative offices and food facility. *Andrew Wallace Clinic Building*—Clinics, diagnostic, treatment, and support services and departmental offices. *Pepsico Fitness Center*—Exercise facilities including indoor track, exercise equipment, swimming pool. *Aesthetic Services and Dermatologic Surgery Clinic*—clinics, diagnostic treatment, and support services and CFL administrative offices.

The North Campus Zone consists of the following buildings: *North Pavilion*—Ambulatory Surgery center, Adult and Pediatric Bone Marrow Transplant, Duke Clinical Research Institute (DCRI), Anesthesiology offices, Office of the University Counsel, and the Office of Continuing Medical Education. *Parking Garage III*, and *Elba and Elder Street Buildings*—Diagnostic and treatment services, offices for the Departments of Pathology, Psychiatry and Medicine, the Center for the Study of Aging, Hospital transport and laboratory services, Occupational and Environmental Safety, Medical Center Engineering and Operations, and PRMO Finance offices.
